1 about September 13, 2008, Respondent failed to hang Total Parental Nutrition and Metronidazole.
2 The medication was found in a patient's room and Respondent documented administering the
3 medications, however the medications were returned to the pharmacy. Furthermore, from on or
4 about August 11, 2008, until on or about November 10, 2008, Respondent gave a patient 318
5 milliliters of blood within two hours and thirty-five minutes, and then immediately began giving
6 the patient the next unit of blood. Respondent did not know why the patient was having difficulty
7 breathing. Respondent failed to follow the proper policy and procedure for administration of
8 blood products. Kindred Hospital also received a complaint from a family member of a patient
9 stating that Respondent told the patient that due to the patient's size, Respondent could not turn
10 the patient as requested. Respondent failed to seek assistance in turning the patient despite
11 existing concerns about the patient's compromised skin integrity. Respondent was terminated
12 from Kindred Hospital due to her failure to meet standards as well as the numerous complaints
13 filed against her.

14 12. Respondent worked for Select Specialty Hospital in Phoenix, Arizona from on or
15 about December 1, 2008, through on or about February 5, 2009. On or about December 19, 2008,
16 Respondent received a Disciplinary Action Form and verbal and written warnings based upon her
17 failure to meet minimal job requirements. On or about February 5, 2009, Respondent was again
18 disciplined by Select Specialty Hospital based upon her failure to meet minimal job requirements.
19 On or about February 5, 2009, while Respondent was still within her 90 day introductory period,
20 Select Specialty Hospital terminated Respondent due to her failure to exhibit the type of conduct
21 expected of a select medical employee.

22 13. Finally, on or about October 30, 2009, Respondent was interviewed by Arizona
23 Board staff. During her interview, Respondent was extremely anxious, hyperactive, and jumped
24 from one topic to the next. On or about November 3, 2009, Respondent was again interviewed by
25 Arizona Board staff. During this interview, Respondent was calm, rational, soft-spoken, and
26 paused between sentences. Respondent denied being on medication, and she tested negative on a
27 urine drug screen test. On or about November 20, 2009, Respondent underwent a psychological
28 evaluation by Dr. Joseph Robinson.

1 PRAYER

2 WHEREFORE, Complainant requests that a hearing be held on the matters herein alleged,
3 and that following the hearing, the Board of Registered Nursing issue a decision:

4 1. Revoking or suspending Registered Nurse License Number 661844, issued to
5 Shalisaand Lliane Garvin;

6 2. Ordering Shalisaand Lliane Garvin to pay the Board of Registered Nursing the
